INTERNATIONAL REMOVALS

EFFICIENT AND COST EFFECTIVE REMOVALS MANAGEMENT ...AROUND THE GLOBE

Door-to-door relocation. Around the globe.

Aqua Moving Services is a globally recognised; quality focused independent international removals management company operating in the UK, Europe and the rest of the world. We take care of everything to ensure assignees and their families experience **the smoothest possible international move, regardless of origin or destination – anywhere in the world.**

We're streamlined, cost-conscious and innovative...

We source, select and negotiate with prominent and quality focused international corporate removals partners on a worldwide move-by-move basis to obtain the best possible rates for our clients. Our independent status enables us to secure our clients significant

savings on their international move costs and **significant savings** on the cost of transit insurance cover.

We make the corporate removals management process so much easier for HR Departments – and their assignees. Just a single comprehensive pre move survey at the assignee's home provides us all that we need to obtain several competitive quotations from our international moving partners. This then allows us to go back to HR departments with just one cost comparison summary, giving Aqua's best-fit recommendation.

Aqua has gained an excellent reputation for our level of commitment to customer service, through single-source responsibility and accountability

So before you make your next corporate move, call us

ABOUT AQUA

20 YEARS OF SENIOR LEVEL EXPERIENCE

...KNOWLEDGE AND EXPERTISE

Aqua Moving Services is a totally independent international removals management company operating in the UK, Europe and in the rest of the world.

Aqua Moving Services is built on **20 years of senior-level experience, knowledge and expertise** in the international corporate removals industry. Noting a gap in the marketplace, our vision was to take that collective heritage and create a very different kind of removals organisation: One that would independently manage the **entire removals process** for corporate HR departments. We did just that...

Today, we provide an **end-to-end service** that not only moves corporate assignees effectively, but also offers **the most competitive removals and insurance rates** in the global marketplace. If required, our capabilities can be further strengthened by working with our international relocation partners, to **support every aspect of a corporate relocation** – from initial home and school-search, right through to cultural integration.

Our **international move managers and coordinators** have all lived and worked overseas at some point. So they really understand the practical, emotional and operational aspects of making a move.

Our clients today are **blue-chip, multi-national and international organisations**. Many of our client relationships started several years ago, before Aqua even began. Equally, our **fully-accredited international moving partners**

have been working alongside our team for two decades.

So how does Aqua revolutionise the way that its clients move their assignees?

- **We cut through the complexity of the removals lifecycle.** Our single comprehensive pre move survey at the assignee's home gives us all that we need to know to obtain several competitive quotes from our international moving partners. Assignees needn't do anything else.
- **We make life easier for HR... With just one removals cost comparison summary.** This allows them to easily make their selection – with our experience and independent guidance.
- **We build client, assignee and partner relationships that last:** From move-to-move.

HOW WE WORK

EFFICIENT AND COST EFFECTIVE REMOVALS MANAGEMENT

...AROUND THE GLOBE

Aqua Moving Services makes the corporate removals management process so much easier: For HR departments and their assignees. Before, during and after any move.

We're time-saving. An assignee won't have to take time off work to let several removal companies in to conduct a contents assessment as Aqua carries out just **one comprehensive pre move survey/home visit**. We then negotiate with several of our quality focused moving partners at both origin and destination locations to secure the best cost for each sector. We will then review and collate all of the specific rates to compile the 3 most cost effective door to door quotes. These quotes will then be forwarded to you in a single one page cost comparison summary.

Typically, the turnaround between an Aqua HR instruction to removal company engagement is

halved when compared with conventional methods. **We're independent.** Our increased global buying-power enables us to negotiate with our carefully-selected corporate removal partners , move-by-move. We obtain exceptional rates for our clients, securing significant savings on their international move costs and significant savings on transit insurance premiums.

We're cost-conscious. Aqua will provide HR with a door-to-door all-inclusive cost and service to meet the exact requirements of their assignee.

We're communicative. An assigned international move manager will consistently give HR and their assignee as much or as little information on their removal as they require: By report, by phone or by email...

We're in control. From the moment we're instructed, we'll track, quality-control and report on every element of a corporate move.

A TYPICAL INTERNATIONAL MOVE CYCLE

EFFICIENT AND COST EFFECTIVE REMOVALS MANAGEMENT

...AROUND THE GLOBE

In a nutshell, let's demonstrate that Aqua's professional and experienced management really does save time, money and streamlines the whole process.

FIRST STEP

Aqua Moving Services (AMS) contacts the assignee to arrange the pre move survey.

NEXT STEP

AMS carries out a comprehensive in house pre move survey.

GO TO MARKET

Details of the survey results are sent to several of AMS's selected panel of moving companies at both origin and destination locations.

AMS negotiate with the moving company to obtain the best rate from each supplier for each sector.

COST-COMPARISON

AMS review collate and review ALL of the specific rates received and then produce a single page cost comparison summary.

AMS forward the detailed door to door cost comparison summary to HR and the assignee.

INFORMED DECISION

AMS provides the assignee and your HR dept with independent advice and recommendations based on the submitted cost comparison analysis.

AMS advises HR and the assignee with the details of the selected moving partner.

SECOND STEP WRAP AND PACK

AMS organises and re-confirms packing/dates with assignee and ALL other specific details of the move including the packing and crating of fragile or high value items.

TRUST IN TRANSIT

AMS provides all necessary documents and assistance for customs clearance.

AMS manages the complete move coordination – door to door.

TRUST IN TRANSIT

AMS perform on going quality control checks during the complete move process at both origin and destination cities.

INTERNATIONAL MOVING PARTNERS

EFFICIENT AND COST EFFECTIVE REMOVALS MANAGEMENT

...AROUND THE GLOBE

One of the key elements to Aqua's growing success is the close working relationships which we've developed with our global network of moving partners.

Our commitment to quality. The partners that we work with – both in the UK and internationally – have to comply with our high standards of performance and the strict terms of our Service Level Agreement. Our vetting process spans financial stability, insurance claims history, the standard of their facilities and vehicles, right through to their packing methods, quality of their packing materials and the professional manner of their employees.

Our partner credentials. We only partner with the most reputable, experienced and quality-focused industry leaders, including companies which are members of FIDI (Fédération Internationale des Déménageurs Internationaux (FIDI) – the largest global

alliance of independent quality international removal companies – and/or OMNI (Overseas Moving Network International) which represents the best of the world's international moving organisations in over 70 countries.

Our partner performance. We carry out regular site visits to our panel members in the UK and to our partners' facilities overseas. We continually track/monitor their performance through client feedback/satisfaction, price competitiveness and our own quality control programmes. Aqua's independent status means that we're not linked to an internal worldwide network. Therefore, our partners' ongoing commitment and collaboration enables us to provide our clients with the very best costs for every international removal. Equally, we can offer a consistently high level of service... With extra flexibility...

Aqua can look after any size of move, anywhere in the world...So... Before you make your next corporate move, call us... or view our Products and Services here.

PRODUCTS AND SERVICES

MOVING ASSIGNEES TO AND FROM

...THE UK, EUROPE AND THE REST OF THE WORLD

Our range of services goes further than simply packing and unpacking. We offer advice, help and assistance with worldwide storage, transit and storage insurance cover, right through to the full spectrum of relocation management services.

International Removals

Aqua Moving Services manage the international moving requirements for many multi-national corporations throughout the world. An international move requires careful planning and coordinating combined with precise attention to detail. Aqua provide professional, efficient and transparent international moving solutions which are cost effective, which also save your organisation and your assignees valuable time, resulting in an efficient and totally managed door to door relocation – every time.

European & Intra European Moving

Aqua successfully manage corporate moves within Europe for several blue chip organisations and our moving partners in Europe are globally recognised for their high levels of service and attention to detail.

European moving by road can be very costly unless it is carefully planned and managed, and occasionally delays can occur. Because the timing for a European move is so important Aqua will provide you with the best move options and the most cost effective options to efficiently pack

and transport your effects based on your precise pack up and delivery dates.

Our expertise and professionalism in managing individual or group European and intra European corporate moves is the reason that a growing number of major corporations choose Aqua Moving Services when they are looking to relocate their employees to a new location in Europe.

Moving within the UK

Whether you are moving locally in the UK or to the other end of the country or from a city apartment to a country house or from the countryside to the centre of London, Aqua Moving Services offer cost effective moving solutions within the UK for individual or group moves.

Our partners have facilities throughout the UK and this allows us to combine our local knowledge with our national and international expertise and resources, enabling Aqua to successfully and cost effectively manage all of our UK domestic moving requirements.

Aqua are globally recognised for their professional international move management services, looking after **all types and sizes of corporate moves, all around the world** with increasing prominence in **Dubai, Qatar, South East Asia** and **Brazil, Russia, India, China** and **South Africa**. North America is one of our key areas of expertise particularly for moves from the **UK to New York, Washington** and throughout the **USA**.

MOVE MANAGEMENT

TRANSPARENCY. TRUST. IN TRANSIT

...FOR HR AND THEIR ASSIGNEES

Aqua Moving Services deliver quality focused totally managed international moving and relocation services to companies that relocate employees and to individuals and families planning to move overseas.

Globally recognised within the corporate removals marketplace Aqua have successfully been delivering these services on an international, national and regional basis to many of the world's leading multi-national organisations.

Whether you are moving to **Paris, Dubai, Beijing, Moscow, New York, Rio, Singapore** or **elsewhere throughout the world** we can

provide our corporate clients with a single source, first class level of service combined with attention to detail and our global commitment to quality. Every element of Aqua's managed international removals service is designed to deliver complete customer satisfaction.

Our efficient and innovative services – supported by an impressive, totally managed world-wide partner network – cover every possible element of corporate removals.

Our knowledge, experience and transparent business model gives HR and their assignees – assurance that we'll manage their removal processes impeccably, with a single, dedicated Aqua point of contact, end-to-end.
